### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Alfred K. Dassler on 16 June 2009. Mr. Dassler and the Examiner agreed that the Prior Art fails to disclose a specific limitation (emphasized in paragraph 3 below) in the independent claims, and the cancellation of particular claims.

The application has been amended as follows:

**Claims 16-19 are hereby cancelled.**

**In claim 14, line 2, "1" has been deleted and - - 11 - - has been inserted before ", which"**

**In claim 21, lines 15-17 are deleted, and - - . - - is inserted after "shaft" in line 14.**

Art Unit: 2856

***Allowable Subject Matter***

2. Claims 11, 14, 15 and 20-23 are allowed over the Prior Art of record.
3. The following is an examiner's statement of reasons for allowance: The primary reasons for allowance of independent claims 11 and 21 are the inclusion of the specific limitation and/or method step of including/employing ***a stationary force transducer for detecting a torque*** (i.e. turning moment, force multiplied by distance) ***on a connecting element, at a pivot point defined by a shaft having a buoyant body attached at a spacing distance from the pivot point.*** None of the Prior teach this specific limitation and/or method step. While the Prior Art teaches various features of the independent claims, such as, pivoted arms with floats spaced at a distance on the arm, none of the Prior Art teach the above emphasized limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
